

2020 Government Relations

ISACS Top Legislative Objectives

Your government relations team will actively pursue legislation for each of the following 2020 Top Legislative Objectives. The actionable policy statements will give direction while advocating on all other legislative issues. Visit www.iowacounties.org and click on “supervisors government relations” under the legislative tab for a full listing of top priorities and policy statements.

**Mental Health and
Disability Services**

Tax Reform

**Water Quality and Quantity
Management**

Legislative Communication

FRIDAY UPDATE

ISACS Members will be provided weekly updates on issues that are important to county supervisors during the legislative session. These updates will include many issues that require action. We request that county supervisors contact their legislators by phone, email, and during weekend coffees.

CALLS TO ACTION

We will provide special calls to action on an as needed basis. These special calls to action will include specifics as to who to contact and when to contact them. They are often timely and do require immediate action.

PHONE AND EMAIL

We spend the majority of our working hours at the Capitol during the legislative session. We are available, and respond as quickly as possible, via cell phone calls and email.

Contacts

Jamie Cashman
Government Relations Manager
jcashman@iowacounties.org

UPDATE YOUR CONTACT INFORMATION!

If you do not receive communication from ISAC on a regular basis, please send your preferred email address to Katie Cook, kcook@iowacounties.org. She will make sure that it's updated in our records so that you do not miss out on supervisor-specific communications.
